Adult Foster Care Awareness Day

Wednesday, March 21, 2018

10:00 am – 2:00 pm

Massachusetts State House

Nurses Hall

Massachusetts Council for Adult Foster Care (MCAFC) will visit the State House to educate legislators and their staff about the **importance of Adult Foster Care to individuals and families** throughout the Commonwealth.

The MCAFC is looking for as many people as possible to come and visit with legislators and their staff. We want them to meet the individuals, families, and friends of Adult Foster Care. We will share information and stories to spread awareness and to advocate for sufficient funding for the Adult Foster Care program.
